ALCHIMIA

Metallo, stonalizzato ed ossidato.

È Alchimia, la superficie in gres porcellanato, dall'aspetto volutamente usurato ma stabile nel tempo, che grazie al grande formato e alla quasi assenza di fughe ricrea il mood irresistibile dei vecchi stabilimenti in disuso. Il tipico sapore industriale, la bellezza malinconica degli edifici abbandonati è una tendenza tutta da sperimentare in casa propria ma anche negli spazi commerciali e le quattro varianti di colore, insieme all'assortimento di formati, dal più grande 120x120 al più piccolo 40x80, agevolano utilizzo di questa collezione.

Oxidized metal effect, with random shade variation.

Alchimia is a porcelain stoneware collection featuring a striking corroded, worn-out effect.

Its large size and the minimal grouting needed, make for an irresistible design – a modern take on the ever so fascinating appeal of old factories.

A timeless industrial mood - typifying beautifully melancholic abandoned workshops.

Available in 4 color-ways and in various sizes – from 120x120 cm to 40x80 cm, this collection is suitable for a large number of applications, lending itself to creating unique residential and commercial settings alike.
