ART DE VIVRE

LUXURY SELECTION

L'ARTE DI CREARE

L'artigianalità e l'arte si incontrano in ogni elemento di questa nuova collezione, che vede come protagonisti assoluti la versatilità della ceramica e la bellezza immacolata del marmo, legati dal fil rouge del lusso più ricercato.

PIETRA E CERAMICA: UN MIX PREZIOSO

Il know-how artigianale incontra l'innovazione del design contemporaneo, per dare vita a una serie di prodotti di lusso pensati per reinterpretare il bagno. Ogni elemento acquista carattere grazie al mix di ceramica e pietre preziose con le quali viene rivestito.

TRATTI DISTINTIVI

Il colore è espressione di carattere: ogni tipologia di pietra preziosa utilizzata per rivestire i nostri prodotti, porta con sé un'energia diversa, che pervade l'ambiente e ne decide il mood. La pietra acquista così un potere che va al di là di quello prettamente decorativo: diventa un tratto distintivo.

ELEGANZA SU MISURA

La sartorialità è un elemento importante nella realtà Artwork: ogni elemento è pensato, progettato e realizzato in azienda. Ogni materiale utilizzato viene modellato come un vestito su misura per aderire perfettamente all'idea iniziale.

PERSONALIZZAZIONI

La scelta della materia è una vera e propria espressione dello stile personale. Artwork offre la possibilità di rivestire l'arredo bagno in ceramica con una vasta gamma di pietre preziose e marmi pregiati, per dare un tocco unico e riconoscibile ad ogni elemento.

ART AND CREATIVITY

Artisanship and art come together in every piece of this new collection whose versatility of ceramics and impressive beauty of marble play the lead role and are linked by the common thread of the most refined luxury.

STONE AND CERAMICS: A UNIQUE MIX

Handcrafted expertise reflects the innovation of contemporary design, to create a series of luxury products conceived to reinterpret the traditional bathroom with a different take. Each bathroom installation acquires a unique character thanks to the mix of ceramics and precious stones that enhance its surface.

DISTINCTIVE TRAITS

Colour is an expression of character: each type of stone used to clad our products instils a different energy which pervades the room and sets the mood. The marble thus acquires a power that goes beyond the purely decorative function: it becomes a distinctive feature.

TAILOR-MADE ELEGANCE

Precision is an important aspect in the realisation of Artwork: every product is conceived, designed and manufactured in-house. Every element used is shaped perfectly as a tailor-made suit to fit the initial idea.

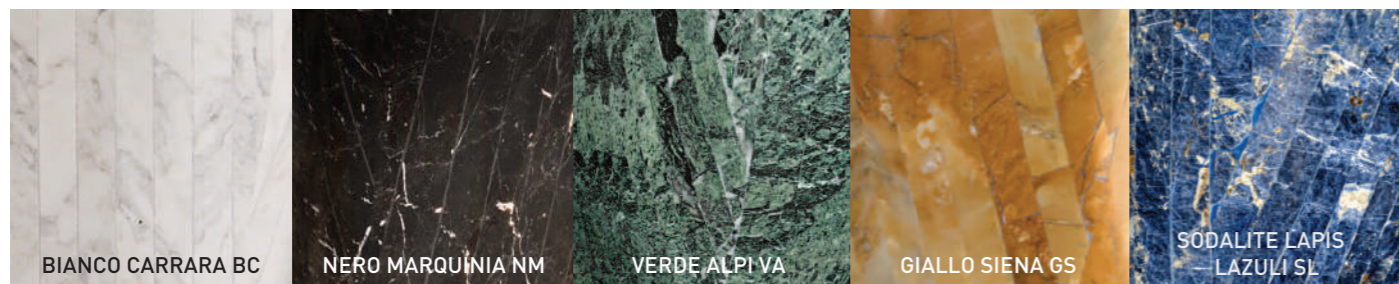

CUSTOM MADE

The choice of materials is a true expression of personal style. Artwork offers a customized service that consists in having ceramic sanitary wares decorated with a wide range of precious stones and marble to give a unique and recognizable touch of style to any interior.
